About Us

Juan R. Peralta, FRP

On The Record eDiscovery Services is a minority-certified small business owned and operated by legal industry professionals. Our team brings over 25 years of experience supporting civil, commercial, and criminal litigation, including complex matters involving large-scale electronic discovery.

We have managed eDiscovery projects and electronic databases for government agencies such as the U.S. Attorney's Office and the SEC, as well as for private law firms and corporate legal teams. Our work spans all phases of litigation and investigation, with a focus on accuracy, defensibility, and responsiveness.
